Lac La Biche School Wins Trophy

Howard Lett Heads Minor Ball League

LAC LA BICHE — Howard Lett was elected president of the Minor Baseball League for Highway 46 and 2, at an organizational meeting held recently. J. K. Olstad was elected secretary.

There will be teams in the Colt and Pony divisions. The League takes in Athabasca, Boyle, Grassland and Lac la Biche. Games will be played each Thursday, with one team playing at home and one away.

Purpose of the league is to promote good sportsmanship. Ages of the clubs are to be, Ponies 12-14 years, and Colts 14-16 years. Playoffs will commence June 14.

Recent guests at the home of Mr. and Mrs. W. Hamilton were Mr. and Mrs. A. Hamilton of Edmonton.

Plamondon Honors Last Year Students

Plamondon held a graduation on May 28, honoring last year students who entered university, also one of their first graduands who is Louis Legal of Atmore.

Louis has completed his university course in engineering and leaves this week to be employed by Kimberely Clarke Co. at Niagara Falls.

Paul Legal graduated last year and has completed one year of education.

THE FAST MOVING, bouncing, bounding Carlyles, six-people acrobatic troupe from England, are one of the many new acts with the 1962 edition of the Gil Gray produced Shrine Circus. These talented artists have a fast routine and perform more hazardous feats in five minutes than most acts do in twice the time. They are only one of the new acts to be seen with the Shrine Circus here in the Edmonton Gardens June 4 to 9.

Home, School Association Names Corp. Kenny Prexy

The Lac la Biche Home and School Association held its annual meeting Friday, May 25, with a large attendance. The chairman, J. Booker, informed the meeting that a swimming instruction program would not be undertaken this year.

The nominating committee presented a slate of proposed officers for the coming year and the meeting passed a motion accepting the entire list. Those chosen to guide the affairs of the Association for the next 12 months are: president, Corp. J. Kenny; vice-president E. Shanks; secretary, Mrs. G. Bereska, treasurer, E. L. Clark.

Program committee: Mrs. F. Strashok, Mrs. G. Bissette, W. Sachko and Mrs. William Hamilton. Hospitality committee: Mrs. A. Gatzke, Mrs. H. Marchildon, Mrs. L. J. Bartman and Mrs. W. Tardif.

The office of publications was combined with that of treasurer.

A letter from town council was read stating that enquiries were being made into the cost of fluoridating the town's water supply. A motion was carried requesting that the new executive continue to press for fluoridation.

The banner for attendance went to R. Tesolin's room.

Reports were given by the outgoing officers showing that the year had been a very active one. Two scholarships of $25 each had been awarded High School students; the membership had increased by two thirds; and meetings had been well planned to carry out the purposes of the Home and School Association. A vote of thanks was given the outgoing executive for their faithful and capable leadership over the past year.

After adjournment of the business meeting the gathering dispersed to different classrooms to hear the following speakers give 20 minute talks and answer questions on choosing a career.

Dr. W. Cadzow, medicine; H. Linnell, banking; E. Torgunrud, education; N. W. Stoich, architect; J. Booker, forestry, Miss Yvette Richard, nursing; Fred Strashok, agriculture; Robert Cherkas, merchandising.

A goodly number of High School students were present to hear the speakers and ask questions. The greatest interest was shown in education, while interest in some of the other vocations was somewhat disappointing.

Installation of the new executive was deferred to a later meeting as some were unavoidably absent.

At the close of the meeting the ladies served coffee and doughnuts.

"I planned to send your clothes to that cleaner in the Alberta Country Life Classifieds — but our moths were having a picnic."

Lac la Biche

Mayor and Mrs. M. Maccagno and Mr. and Mrs. F. W. McMillan attended convocation, May 24 in the Jubilee Auditorium, Edmonton.

Tommy Maccagno received his degree in law and Marilyn McMillan received her degree in pharmacy from the University of Alberta.

Sunday guests at the home of Mr. and Mrs. E. Dodds included Mr. Dodd's brother Wilbur and family and a cousin, Floyd Street and family all of Edmonton.

Jake Klein, Joe Leibel and J. Sorochan, Northern Hardware dealer from Edmonton, visited Waterways and McMurray over the Victoria Day holiday. It was their first trip to the northern shipping point.

100-Foot Highway Under Construction

OWL RIVER — The big news in this community is roads.

The people had asked for gravel —and they find that the department of highways is building them a 100-foot highway, plus gravel.

Much big machinery is being used, and the road camp resembles a hamlet.

Plamondon Girls Win Ball Game

PLAMONDON — At a game held in Lac la Biche on Monday, May 21, the Plamondon girls' defeated the Lac la Biche girls 23 to 21, after trailing 3 to 19 in the third innning.

RCSCC Exeter Holds Successful Inspection At Lac la Biche

On May 24, another successful annual inspection was held at the new quarters of the local Sea Cadet, Navy League Cadet and Wrennette Corps at Lac la Biche. The inspecting party, all of HMCS Nonsuch of Edmonton, were Lt. Commander B. Feehan, RCNR; Lt. M. Davidson, Area Officer RCN and the former Commanding Officer of RCSCC Exeter; and Rev. J. E. McGrane. All the Wrennettes, Cadets and Officers turned out in full uniform looking very trim and proper.

A thorough inspection was made of the Cadets and Wrennettes by the inspecting party, followed by a march past, Lt. Commander B. Feehan receiving the salute.

The ship's company retired inside their new quarters for class work and demonstrations consisting of general seamanship, rope work and rifle drill. Immediately following classes, the ship's company remustered outside for evening quarters, where Lt. Commander B. Feehan and Rev. J. E. McGrane gave brief talks to the entire Corps, stating how pleased they were with the interest and cooperation shown by all concerned in making RCSCC Exeter another proud and worthy youth movement in Alberta and remarked that they would like to see the local Corps a much larger group by next season.

Lt. Commander Feehan presented Wrennette D. Booker, Navy League Cadet L. Gatzke and Sea Cadet E. Rudiger with silver boatswains calls, awarded by HMCS Nonsuch annually for the outstanding Cadets and Wrennettes of each Corps. Navy League Cadets G. Dribninki and A. Langevin were presented with seaman's knives for their outstanding accomplishments with the Corps.

The following Cadets were presented proficiency certificates and promoted:

Ordinary Cadet to Able Cadet: Calvert, K.; Coast, G.; Cochrane, B.; Gregoire, A.; and Hamar, T.

Able Cadet to Leading Cadet: Badry, G.; Chester, J.; Joncas, R.; Rudiger, E.; Smolarchuk, M.; and Stewart, F.

The inspection came to a close with the lowering of the Sea Cadet ensign and dismissal of the ship's company.

Neighbors Complete Spring Work On Mrs. Mike Zalewsky's Farm

HYLO — Kind friends and neighbors of the community met on Saturday, May 26, at the farm of Mrs. Mike Zalewsky whose husband passed away last Dec. 30 and enthusiastically undertook to complete spring work operations in record time. In all, 19 tractors appeared on the field: nine with plows, three with tillers, three with harrows, one with disc and three with seed drills, making a marvellous sight.

Under the able leadership of Gus Juknies, a remarkable job of plowing and tilling of some 80 acres was completed by 12:30 p.m. with harrowing and seeding continuing in the afternoon.

M. Zalewsky and F. Poholski fanned the grain beforehand and, with John Owchar and Wally Tichonuk assisting, staked out the field, making the work run efficiently.

Mrs. Zalewsky was most grateful for such wonderful assistance and thanked each and everyone for their kindness, hoping to return the favor in some way.

Following are the names of those who participated: With plows, G. Juknies, Andy Guinand, Bill Sawchuk, Mike Stasiewich, Gordon Rayment, William Smith, Jim Simon, Alan Moshuk and Mike Poholski; with tillers, Carl Keehn, Walter Lozinski and John Coli; with harrows, W. Avery, Herb Juknies and Malvin Rayment. Paul Owchar was with a disc. With seed drills were S. Gushinsky, Alex Moshuk and Wally Tichonuk. Others assisting were M. Zalewsky, F. Poholski, Jimmy Keehn and Alex Tichonuk.

90% of all oil company product research in Canada is done by Imperial

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from gasolines to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

Every barrel of crude oil contains some of the sun's heat. Imperial research works to unlock more of this energy. After five years' intensive research, Imperial found a chemical additive which makes more heating oil available from Canadian crude oil. One important result: less oil imported to heat Canadian homes.

Lac La Biche Town Council Sets Tax Rate At 57 Mills

At the regular meeting of Lac La Biche Town Council, held May 22, the 1962 tax mill rate was set at 57 mills on the dollar. This is an increase of five mills over the previous year.

The increase is attributed to the extra requistion required by the Lac La Biche School Division to meet its 1962 requirements. Municipal and hospital mill rates remain as they were in 1961. The total assessment of lands, buildings and improvements upon which taxes are levied is $1,161,460, which is an increase of $81,030 over last year.

Two building permits were approved at the meeting, one for a dwelling to cost $13,000 and one for a motel estimated to cost $50,000. Construction is to begin shortly on both permits, with completion expected in the summer.

Present for the meeting were Councillors Wolstenholme, Vincent and Bouvier, as well as Mayor Maccagno and Secretary Creighton.

In Memoriam

In loving memory of my husband's birthday, June 1st, passed away December 30th, 1959.
In tears we saw you sinking,
We watched you fade away;
Our hearts were almost broken,
You fought so hard to stay;
But when we saw you sleeping,
So peaceful, free from pain;
We would not wish you back,
To suffer that again.

—Fondly remembered by his wife Alice, children Laura, Randell and Mike, son-in-law.

THE Homemaker

District Home Economist, Westlock
By Bertha M. McCutcheon

Scientists in the Food and Drug Directorate of the Department of National Health and Welfare are charged with the responsibility of seeing that no drug is offered for sale with out adequate directions for use on the label.

D. McCutcheon

Many children cannot read. But their parents can. The label will tell what dosage to give an adult and if the product is intended for children it must be so indicated on the label and suitable directions included. A drug that may be safe for an adult may endanger the life of a baby. Unless a dose for children is included in the directions for use, there is a risk in giving the product to children without medical advice. Read the label.

Not only drugs, but many household chemicals may have fatal effects if swallowed. Fly spray, other insecticides, lye, cleaning fluid, anti-freeze, paint remover— these and a host of other common household commodities should be stored in locked cabinets or on high shelves if there are young children in the house.

Be careful when using household chemicals such as kerosene, turpentine, liquid waxes, etc., in the presence of toddlers. A number of deaths occur every year because toddlers drink these preparations when they have the opportunity, for example, when a mother is talking on the telephone, or running an errand which takes more time than she anticipates. Do not disregard warnings on labels.

When taking medicine or giving it to a child, the theory that if one spoonful is good, two will be better is a dangerous one. Measure dosages carefully and never give more than recommended.

Never take medicine in the dark. Even if you think you know where the medicine you want is, turn on the light and have a good look before you take any of it.

Never take medicine from an unlabelled bottle. We are all humans and humans can forget. Throw away bottles or containers which have lost their labels. Losing a dollar's worth of drug is cheaper than a rush trip to the hospital.

Throw out all drugs which have lost their original use. Don't collect old medicines. When discarding medicines, be careful to destroy them in such a way that they cannot be recovered by children. Children have been known to salvage potent drugs from garbage cans.

No drug is absolutely harmless under all circumstances. For example, certain headache tables containing acetylsalicylic acid which have only a mild effect on adults have killed infants. Never give a baby any drugs without your doctor's orders.

Drugs and chemicals of all kinds should be stored in such a way as to protect the most innocent and trustful member of your family. Never store poisonous or inflammable substances in food or beverage containers.

Be sure all poisons are clearly marked.

Invest in a lock for your bathroom cabinet if you have a climbing toddler in your home.

Remember that a doctor's prescription is intended to be used by the patient for the ailment which the doctor is treating at the time. When you no longer require a prescription and you have a balance of this medicine on hand, do not save it. This can only tempt you to treat yourself and your family with potent drugs, which is an exceedingly dangerous practice.

The fewer poison hazards you have, the safer your home will be.

Very few adults die of accidental posoning. All deaths by poisoning of children are accidental. They are also all preventable.

"Clippers" Hockey Club Feted By Lac La Biche At Banquet

The Lac la Biche Hockey Club were guests of honor at a banquet held in the Memorial Hall recently. Frank Lockwood was master of ceremonies at the event when the boys and their girl friends, some 50 in all, were feted.

The boys club, known as the Clippers, brought distinction to their town by playing in the northern Alberta semi-finals in juvenile hockey.

Mayor Maccagno, on behalf of the town, thanked the boys for their splendid effort and good conduct while playing at outside points. Jimmie McCormick was presented with a trophy for being the highest scorer for the season and Richard Hayduk won the trophy for the player making the most improvement. Coach Howard Lett was presented with a golf club from the boys. The evening concluded with a dance.

Since the age group of the Juvenile B's is 16-18 years, many will have exceeded the age limit before another season and will be furthering their education elsewhere. Thus the group of boys who have played together as a unit for several years will pass the honor of playing on the club to a younger group.
